Senior Surgeon with the Government of

To

Chief
The Secretary to the Government of

H. H. the Maharaja of Mysore,

Deptt., Bangalore.

Sir,

I have the honour to submit for the consideration and order of Government the following proposals for the training of literate women and professional Dayees in Scientific Midwifery.

The present rate of stipend viz., Rs.10/- is not sufficiently attractive to induce women possessing sufficient literary qualifications to come forward and undergo the training. If the rate be increased, say to Rs.15/- a sufficient number of applicants may be forthcomming. As for professional Dayees, who are already practising midwifery in the crude way, they may be given a scholarship of Rs.10/- a month and trained in the method of conducting labor cases in a scientific way. Both the professional and the non-professional pupils may, in addition, be given a clothing allowance of Rs.2-8-0 each, to enable them to appear always in clean clothes.

I propose starting a training class in the Vani Vilas Hospital, Mysore, with 10 Dayees and 10 nonprofessional candidates, as soon as living accommodation can be made available for 14 candidates, as rooms are already available for 6.

Submits proposals for starting a class for training 20 pupils in midwifery in the Vani Vilas Hospital, Mysore.

To enable the work being taken up early I request that the P.W. authorities may be instructed to put up temporary structurers. The cost of these sheds, as per plan and estimate received from the Executive Engineer, Bangalore Division in connection with quarters for pupil midwives in the Maternity Hospital, Bangalore, will be Rs.1310 for each block sufficient to accommodate 2 pupils or Rs.9170 for 7 blocks. These are brick in mud structures with mud plastering and white washing, with Mangalore Tiled Roofing over teak-wood rafters. Pending construction of pukka buildings I would even suggest the construction of temporary sheds at a cheaper cost of say Rs.200/- or so for each pupil, the sheds being built with mudwalls and pot tilled roofing, and with a basement of about 2 or 2½ feet.

The cost of the above scheme will be,

BUILDINGS.-

If very temporary sheds	Rs. 2,800
If more substantial "	Rs. 9,170

MAINTENANCE-;

For 10 nonprofessional pupils at Rs.15+2½ each, for 12 months	Rs. 2,100
For 10 Dayees at Rs.10+2½ each for 12 months.	Rs. 1,500
Total maintenance	Rs. 3,600

a year on Rs.300 a month.

After receiving the training these candidates will be examined and if found qualified, will be awarded the qualification certificates and left free for the present either to practice privately or to accept service in the Department.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.

OFFICE OF THE SENIOR SURGEON,
MYSORE GOVT.,

Bangalore, 10th August 1918.

D. O. No. G.C. 82

Dear Sir,

In my official letter No.G.C.695, dated 12th June 1918, I submitted to Government, proposals for starting a training institution for Dayees and Midwives in the Vani Vilas Hospital, Mysore. I also addressed a meeting of the Civic and Social Progress Association, as well as the pupils of the Maharani's College, at Mysore, explaining the scope for good work in midwifery, medicine and sick-nirsing, for Indian lady pupils.

Since then I have received about 20 application from Brahmin and other caste ladies (through the Superintendent of the Maharani's College and the Assistant Inspectress of Schools, Mysore) offering themselves for training in midwifery.

I request that the proposals submitted in my letter of the 12th June may kindly be sanctioned and the necessary accommodation for the pupil midwives ordered to be got ready at an early date.

Meanwhile,

the notes must be copied or slips pasted on this form.

Meanwhile, on receipt of Government sanction, I shall arrange for the training work being commenced by having the candidates admitted as day scholars for a month or two, by which time, the sheds for their accommodation might be got ready.

I remain,

Dear Sir,

Yours sincerely,
